

CASSIUS REYNOLDS

Vacaville, CA, United States | (707) 724-1815 | cassius.reynolds.dev@gmail.com | [LinkedIn](#) | [Github](#) | [Portfolio](#)

PROFILE

Full-stack software engineer with 3+ years of experience building and scaling production web applications. Deep knowledge of React, Next.js, TypeScript, Express, SQL/NoSQL, Zod, State Management Libraries, CI/CD Pipelines, and REST APIs, with hands-on ownership of authentication, billing, and cloud infrastructure on AWS and Google Cloud. Contributed to architecture decisions and developer experience practices while delivering multiple professional systems as a full-time engineer. Successfully completed 4+ paid freelance projects. Working knowledge of Python and Go for backend services, tooling, and automation. Proven collaborator focused on building secure, scalable, and maintainable software systems.

PROFESSIONAL EXPERIENCE

SyncSmart

Frontend Engineer

Remote · Jul 2025 - Present

- Led production projects using React and REST APIs, delivering features on schedule and ensuring long-term support, which kept client satisfaction high
- Coordinated tasks for a four-person dev team using linear as the lead developer in four of our highly used applications
- Drove architecture and developer experience decisions to improve scalability, reliability, and team velocity.
- Partnered with product owners to define technical solutions and navigate complex system constraints.
- Set up CI/CD pipelines with GitHub Actions and enforced coding standards with ESLint, which reduced deployment errors and improved code consistency
- Established structured documentation using Markdown and Obsidian to support AI-assisted development, which reduced onboarding time for new engineers and improved team knowledge sharing
- Built and integrated systems with CRM and ERP platforms, OAuth providers, and handled authentication and billing workflows with Stripe and Orb Billing.
- Collaborated with product, backend, and design teams to deliver data integrations via GraphQL and REST APIs and added platform features, which increased feature release speed and improved user satisfaction
- Deep knowledge of TypeScript and validation libraries such as Zod to ensure reliability and type safety of applications

Junior Data Integration Platform Engineer

Remote · Apr 2025 - Jul 2025

- Optimized and migrated legacy codebases to modern systems, improving maintainability and performance.
- Led new platform projects from design through production, using Next.js to deliver feature sets that met customer requirements and expanded service offerings
- Collaborated closely with product owners and cross-functional teams to align technical solutions with customer requirements.
- Built production features using Next.js 16, React 19, tRPC, NextAuth, and Postman for API development and testing.
- Contributed to system modernization efforts and improved development workflows.

Freelance Developer

Freelance Developer

Feb 2023 - Apr 2025

- Built custom integrations and websites end-to-end, understanding customer's wants and needs, bringing their vision to fruition
- Gained experience in DNS, hosting, SEO, emailing services, and full-stack development

EDUCATION

Southern New Hampshire University

Oct 2025 - Present

Bachelor of Science, Computer Science

- **GPA:** 3.85
- **Achievements:** Multi-time Honor Roll

General Assembly

May 2024 - Aug 2024

Software Engineering Immersive

Azusa Pacific University

Sep 2017 - Dec 2021

Bachelor of Communication Management, Communication Management

Azusa, CA

- **Achievements:** Cum Laude

TECHNICAL SKILLS

- React, Next.js, TypeScript, SQL, NoSQL, Express, REST API, Python, HTML & CSS, GraphQL, Cloud Infrastructure, UX, Cypress E2E Testing, Git, Interpersonal & Organizational Communication, Leadership

EXTRA-CURRICULAR ACTIVITIES

APU Football Team

Jun 2017 - Dec 2021

- Elected to leadership positions in three of my four seasons

Black Student Association Board

Aug 2018 - Dec 2021

Board Member

- Help organize and facilitate meetings, activities, conversations, and events for the Black Student Association at Azusa Pacific University
